

Cafe Romar Lunch Program

Romar Academy provides a hot lunch for all students enrolled as set forth by USDA guidelines. Each lunch will consist of at a minimum: meat/protein, vegetable, starch, dessert, and milk with an additional fruit or vegetable. For convenience, a menu is posted monthly on the school web site.

Romar does not accommodate special diets that do not include red meat, turkey, chicken, fish or special seasonings. Occasionally, variations are served as replacements; however, an alternative is not guaranteed on a daily basis but children are welcomed to consume additional vegetables and starches. Romar's menu follows the basic pattern below:

Monday – Red Meat / Tuesday – Turkey / Wednesday – Vegetable Day / Thursday – Chicken / Friday - Fish

Regrettably, Romar does not control the ingredients the manufacturer uses to prepare foods for sale. Romar does try to limit its' purchases to quality manufacturers. *If your child requires a modified diet, these foods must be provided by Parents as needed and this information must be listed on the Emergency Data Sheet.*

I elect not to participate in the Romar Lunch Program and I understand the daily rate of \$3.00 will apply; however, if the need arises, my child will receive lunch and my account will be charged.

I elect to participate in the Romar Lunch Program and I understand that the yearly amount of \$425.20 will be added to my payment plan.
